- c) applications whose hard copy versions differ from the electronic version registered in the IAS;
- d) applications whose hard copy versions were received by the Foundation after the the

¹⁴ The number of planned publications is given in clause 1.10 of Appendix 1.

¹⁵ The application completion cycle consists of the following steps: the registration of the applicant (if this was not done earlier, including the individual registration of the Russian team leader and up to three core research team members), completion of information about the applicant in the IAS, the preparation of the application and the registration of the application.

¹⁶ In the event the application is signed by an authorised representative, a power of attorney (copy of a power of attorney certified by the organisation's seal) shall be attached to the hard copy of the application.

deadline for the submission;

e) applications whose content violates the requirements of clauses 3, 5-8, 10, 11, 13-18, 34, 36 and 38.

24. The Foundation shall notify the Russian team leader via the IAS about the registration of the application, the receipt of the hard copy of the application and the results of the competition. The Department should send email acknowledgment to Indian Project Leader.

25. The Russian team leader shall be entitled to withdraw an application submitted for a competition provided that the relevant written notification is submitted to the Foundation / Department.

26. The Russian team leader shall be entitled to make changes to an application submitted for a competition only in the form of its withdrawal in accordance with clause 25 of this competition documentation and the submission of a new application for the competition by the required deadlines.

27. Applications eligible for the competition shall undergo an expert evaluation in accordance with the Procedure for the expert evaluation of scientific and technical programmes and projects submitted for a competition of the Russian Science Foundation & DST and the Criteria for the competitive selection of scientific and technical programmes and projects submitted for a competition of the Russian Science Foundation / DST¹⁷. Applications shall be referred for an expert evaluation in accordance with the classifier codes for the branches of knowledge specified by the Russian team leaders in the applications. (Project Advisory Committee of the Department)

28. The competition results shall be approved by the Foundation's Management Board by April, 1, 2016.

29. The list of supported projects based on the competition results shall be published on the Foundation's / Department website no later than 10 days after the competition results are determined.

30. The texts of the agreements shall be sent to the leaders of Russian teams whose projects were supported by the Foundation via the IAS system within 15 business days after the approval date of the competition results, for completion and signing. The will contain the following information:

- the area of scientific research;
- the work plan and cost estimate of scientific research;
- the duty of the team leader to submit an annual report on the project's implementation;
- the duty of the organisation to provide the research team with the necessary facility, equipment and supplies as well as access to the available experimental base for scientific research;
- the duty of the organisation to conclude civil or employment (fixed-term) contracts with each member of the research team¹⁸;
- the duty of the organisation to pay to the members of the research team remuneration for work performed as part of the project under written orders from the team leader;
- the duty of the organisation to maintain separate records of grant expenditures and present reports on its proper use;
- the duty of the organisation to submit a report on the proper use of the grant;
- the conditions and procedure for the parties to terminate the agreement, including in the event the Foundation identifies the misuse of the grant;
- other rights and duties of the Foundation, the Russian team leader and organisation associated with the use of the grant in compliance with the provisions of this competition documentation.

31. The amount of the Foundation's / Department financial support for the project in the agreement may be reduced compared to the amount requested by the Russian / Indian team leader in

¹⁸ If such contracts were not previously concluded.

accordance with the decision of the Foundation's Management Board / PAC based on the recommendations from the Foundation's Expert Council.

32. The Foundation / Department may not conclude an agreement if the head of the project, declared in the agreement is different compared to the materials of the relevant application that has undergone the expert evaluation procedure.

33. Within 15 business days after receipt via the IAS of a draft agreement signed by the Russian team leader and authorised representative of the organisation, the agreement or a substantiated refusal by the Russian team leader or organisation to sign the agreement must be submitted to the Foundation. The Russian team leader shall independently choose the method for delivering the signed agreement to the Foundation that ensures that it is received by the Foundation on time. If this deadline is violated, the Russian team leader and organisation shall notify the Foundation about the impermissible delay with the signing of the agreement. If the duly signed agreement is not received by the Foundation within the following 5 business days, the relevant project shall be excluded from the list of projects supported by the Foundation, and the relevant notice will be published on the Foundation's official website. The Indian team leader and his / her institute would be expected to fill up necessary documents required for completion of international collaboration. These institutes belonging to different department has to organise required clearances from their parent Ministry / Department.

34. The Foundation's / Department grant may be used solely for the purposes specified in the agreement.

35. The identification of the misuse of the grant shall constitute grounds for the termination of the agreement and the return of the grant in the manner prescribed by the agreement.

36. Any Intellectual Property Rights, originated from implementation of projects by Foundation and Department Funding, belong in equal rights to the Russian and Indian researchers, representing the part of an international research team.

The Russian Federation and the Republic of India may use¹⁹ for public needs the results of intellectual activity, originated from implementation of the project, carried out by the international research team, on the basis of non-exclusive license provided by the rights holder to the state licensee.

37. The organisation shall be responsible for the proper use of the Foundation's grant.

38. The organisation's overhead may not exceed 10 per cent of the amount of the Foundation's grant.

¹⁹ The winner is responsible for settling matters associated with the implementation of this clause with the Indian research team.
